hello!

Main Sauvage is a French brand of soft toys for kids, focusing on eco-design. We aim to provide objects that are expressive, fun, but also beautiful and sensitive. Our products are made in an ecological and sustainable way as we want our production processes to support small-scale production and help to preserve traditional skills, wherever they are.

Main Sauvage est une marque française de peluches, spécialisée dans l'éco-design. Nous souhaitons proposer aux enfants et à leurs parents des objets expressifs, amusants, mais aussi esthétiques et sensibles. Nos produits sont réalisés de manière écologique et durable. Leur confection participe à préserver des savoir-faire et des techniques respectueuses des hommes et de la nature.

How we work

Our soft toys are fully knitted and embroidered by hand in Bolivia, using 100% baby alpaca wool. Each one of them is developed in collaboration with talented artisans, using traditional skills which have been handed down from generation to generation for centuries. Each one of them is made with inspiring passion, impeccable quality and an incredible attention to detail.

Nos peluches sont entièrement tricotées et brodées à la main en Bolivie, en laine 100% baby alpaga. Chaque modèle est développé en collaboration avec de talentueux artisans qui utilisent des savoir-faire traditionnels transmis de génération en génération depuis des siècles. Chaque pièce est réalisée avec beaucoup de passion, une qualité irréprochable et une incroyable attention aux détails.

FAIR TRADE

Our soft toys are made by a fair trade company in Bolivia, which offers good working conditions and a fair income to its wonderful knitters. This solidarity-based economy contributes to improving the living conditions of families and ensuring the schooling of children.

Nos peluches sont confectionnées dans un atelier commerce équitable en Bolivie, qui offre de bonnes conditions de travail et un revenu juste à ses merveilleux artisans. Cette économie solidaire contribue à améliorer les conditions de vie des familles et à assurer la scolarisation des enfants.

GOOD FOR BABIES

We thrive to make child safety our top priority. All our products meet European Safety Standards and are suitable for children from birth. Knitted in 100% baby alpaca wool, they are incredibly soft, resistant, hypoallergenic and antibacterial.

Nous faisons de la sécurité des enfants notre priorité. Toutes nos peluches répondent aux normes de sécurité Européennes et conviennent aux enfants dès la naissance. Tricotées en laine 100% baby alpaga, elles son incroyablement douces, résistantes hypoallergéniques et antibactériennes.
